

# Overview of Dementia

**alzheimer's wa**  
the dementia care experts

**Alzheimer's WA offers a wide range of free information and education sessions for those who know or care for a person who is living with dementia.**

- » Explores dementia and its impact
- » Provides communication strategies
- » Explains the importance of creating enabling environments to improve wellbeing and quality of life.

This workshop is for people in the community and those who are working in the aged care sector, looking for basic information on dementia. Participants from culturally and linguistically diverse backgrounds including First Nations people are encouraged to attend.

**Duration:**

Up to 3.5 hours.  
(Face to face or online)

**Fees:**

Free.  
(CHSP providers)
