Be the change

This unique program offers the opportunity to build skills in innovation and leadership as a Dementia Change Champion, in the workplace and community.

Invest in your dementia care skills

- » Gain expertise in dementia care, effective communication, assessment tools, and innovative solutions to improve care for clients with dementia.

Gain knowledge experience and insight

- » Earn a nationally accredited Certificate IV, enhancing leadership opportunities across home care and aged care.

Engage with passionate peers

- » Invest in the implementation of best practice in dementia care through a supportive network of mentors and champions.

Drive advocacy

- » Increase awareness, combat stigma, and impact decision-makers.

Suitability

Suitable for all aged care workers including:

- » Allied health.
- » Decision makers.
- » Facility managers and coordinators.
- » Care workers.
- » Social workers or community service workers.
- » Mental health support workers and more.

Eligibility

To be eligible for the Alzheimer's WA Dementia Champion Program (Community), you must:

- » Support people living with dementia in your professional role.
- » Be employed by a Commonwealth Home Support Program (CHSP) funded organisation.
- » Have organisational support to undertake the required training.
- » Be committed to share learnings with other Dementia Change Champions and within your workplace.

For Organisations and Managers

Supporting your employee/s through this program not only benefits the individual and their clients, but also strengthens the organisation's capacity to deliver high-quality dementia care, remain aligned to the Aged Care Quality Standards, stay competitive in the healthcare sector, and grow your Dementia Change Champion network.

- » Transform your organisation's approach to dementia care with advanced skills and leadership development.
- » Enable employees to drive innovation and lead positive change within your organisation.
- » Create better care planning and improved outcomes for people living with dementia.
- » Empower your team to implement evidence - based practices.
- » Gain a skilled leader who can innovate and mentor staff to drive sustainable improvements in dementia care.
- » Maximise action and learning with our leading dementia network and mentoring supports.
